**Subject:** RE: Gösta Schwarck

### **To whom it may concern**

This is to certify that Gösta Schwarck has worked as an AIESEC Trainee for Carema Vård och Omsorg AB in the 8-week period of Sep 22 – Nov 14, 2003.

Gösta's task was to screen the Danish and Swedish Health Care market for market opportunities and identify potential M&A candidates. Gösta reported directly to me.

Apart from Gösta, the project team consisted of two other AIESEC Trainees with the same objectives as Gösta. These, however, were responsible for the Norwegian and Finnish markets.

The project was verbally presented during a 2-hour presentation at a corporate management meeting on November 4, 2003.

My overall impression of Gösta is that he is a person with excellent interpersonal skills and a critical and inquisitive mind. He got along well with the rest of the team and personnel at the office.

Mr. Sven Chetkovich  
Senior Vice President Business Development  
Carema
